“ Elysia I was so heartbroken when I heard the news. I remembered the pics I had taken of her and I have a video of Meme, Paris and myself when we were feeding her when I stayed there while y'all were out of town. The picture that's posted is my favorite picture of her that was in her bedroom. She looked like a movie star. Do you remember the day you came home from work and Meme had me looking thru old pictures for her? Then you came in and joined us. I sure do miss that little lady it breaks my heart to think that she's gone and I'll never talk to her or ever see her again. I have a voicemail that she'd left me about a year ago I kept it just being sentimental and I'm thankful I still have it. I enjoyed caring for her and she was so funny and we'd talk and talk. I'm eternal grateful that I shared those special moments with her. Like I said we laughed and we cried together. I really miss that little fireball of a strong lady we called MeMe

“ My dear sweet friend I miss you terribly but now I know that I will never have to worry about you ever again. Thank you Meme for being a sweet friend and allowing me to take care of you at times! I did my very best and gave you my all when you were in my care. I know you're in a much better place now even though my heart is very sad and heavy but you're exactly where you deserve to be my sweet friend. You believed in the good Lord with all that you had and you honored him with al that you had. I will never ever forget you my friend and every time that I hear the birds chirping and singing out doors I will always think of you and our sweet talks about your life history. We cried and we laughed together I will always love you forever my sweet sweet Meme

“ I'm so sad to hear about "Mimi" passing away. She was an incredible woman who loved her family. She invested so much in my life. If it wasn't for Mimi I would not be the person I am today. Prayers for Elysia, Aaliyah, Paris and Greg.
