“ Don was always a lot of fun, spoiling to have a great discussion about anything under the sun – and he often had a unique perspective that I had not considered. In one of my first conversations with Don I was really confused when he began to exclaim "No! No! No!" only to discover that he was actually agreeing with me. Don was more comfortable with email than Facebook, and he would regularly send me interesting links to tech reviews and local news stories. Don, Linda and I share a favorite Thai restaurant in a nearby town and at the beginning of December he sent me a long email about his most recent visit, including a description of a most peculiar customer. You always got more than you expected with Don, and none of us expected to be without him so suddenly. My condolences to Linda, Donna, Chase and Cameron, and to all who loved and counted Don as a friend.

“ Donald and I were first cousins born three weeks apart. From age three to fifteen we lived within shouting distance of one another. Many, many memories of course. He often checked in on holidays, kept me abreast on his adored grandsons, and when he learned was recovering from brain surgery, offered to come help--and I am four hours away! That was Donald.

“ I never had the pleasure of meeting Don directly. I regret that as well as the sadness that his lovely partner Linda must now endure. Thankfully, she has a close community to share the moment, celebrate the past and look forward

“ I lost my younger brother yesterday. The younger part came from a neighbor of our mother's who said that I was the older. Donald loved that, and often referred such many times with a chuckle and a laugh. He was one of the most knowledgeable people I've ever known. Well little brother I'm missing you already. LOVE YOU!

“ Don was an inspiration and I was scared, at 13 yrs old dating his daughter, we were king and queen in pop Warner football, BUT, I remember months after dating his daughter Donna, dating, how silly, we were 13, But, Coach Don bought me a coke and candy bar before a game sitting on the hill of kiwanis field in forest park before a game, and my fears, not of opposing team but Coach Simon, went away! I had his blessing and I played my heart out that day and later, half time we, his daughter and I were homecoming king and queen. Don was a colleague of my own Dad in the ClayCo network of Police officers, Family-within! Never will be forgotten.....

“ I've been knowing Don since he worked at the City of Forest Park Police Department many years ago. I always enjoyed his visits to the credit union. We were both “talkers” so we hit it off immediately. Continued our long conversations through Facebook with private conversations after retirement. I'll miss you my friend.

“ I am so sorry to hear of Don's passing. I was an ADA in Clayton County with Don from 2001-2003. His office was across from mine, and I loved talking to Don every day. He was such a kind man and was always sweetly protective of me and others in the office. I will always remember him fondly, and my prayers are with the Simon family.

“ I met Don when he and Linda were dating. I grew up with Linda's family and spent a lot of time with them. Although we have drifted apart thru the years I still think of them as a part of my extended family and close friends. My thoughts and prayers are with the family at this time. You will definitely be missed.
