“ James was such a kind and gentle man. He was a joy to work with at Green Oil, and always had a smile. My sincerest condolences to the family. “ Elbert is my uncle by marriage and was helpful to my grandmother and me throughout many years. I remember his talent for drawing and creativity. I remember as I got older and went down for visits he always checked my car for potential problems and always reminded me to "change the oil". (just like a father) . I enjoyed riding the golf cart with him and Joann to check out their property . A property he worked for. a home he built, and one he was proud of. Elbert was a caring, giving and a good man. He shared a love and bond with Joann that not many will ever have. I know God will look out for him now , he will see loved ones that have gone before , have peace and be drawing pictures of heaven. I wish my aunt Joann and all the family love and strength. Most of all I wish that the family rallies together , helping Joann and each other and always keep a bond of love.

“ So sad to hear this. This is my Sister's husband's brother. I've known him all my life and what a great man he was. I have a lifetime of nothing but good memories. Out of all the great talents he had the one I remember most is his talent of being a great Artist.

He would free handling draw the most a beautiful picturesque scenes you could imagine in front of our Church while the piano would play Christian music.

My heart goes out to his Children who are like family to me, especially his devoted wife, Joann. My heart breaks for them all, but without a doubt we know where he is. He's expecting God's holy face. I know he was glad to see his brother and Sister who has also passed this year. Especially his son, Herman, who was very dear to my heart. My thoughts and many prayers are with the Potts family Lord give them comfort and peace. I truly love you all.
