“ To Mrs. Gail Williams and the family of A'saph Williams.

I was moved to hear of the passing of your loved one. A'saph worked with me, here in Washington DC and was very well respected and liked by his colleagues. He was a true professional who could always be counted on to accomplish his goals while instilling confidence in his peers. I can recall many occasions where A'saph would provide the resources that I needed without hesitation. He will be truly missed by all of us here, and you have our heartfelt wishes for peace and understanding during this time.

I ask that GOD continue to cherish you as a family. That he nurtures, protects and guides you through any and all adversity that you may face.

I am forever, your Sister in Christ, Mrs. Ethel Faith Lopez.
