

## Barbara Marriane Bullock

July 26, 1938 - September 30, 2024

Barbel Marriane Bullock, lovingly known as Barbara, Mom, Omi, peacefully passed away at home on her and our father's beloved, farm, September 30, 2024. Barbara was born July 26, 1938 in Oppeln, Poland. Our mother would spend her childhood growing up during WW 11 although her family would face many hardships, she would often tell us time and again. "what a wonderful childhood" she has. As a young woman Barbara would leave what would become East Germany and find her way into West Germany, where she would eventually meet our father, George who was Security Police in the United States Air Force. And from there, they would marry and begin a family that included Susie, JoAnn, Frank and Bibi. Throughout their marriage and our dad's time in the Air Force and then as a government employee, our family would be on the move from Germany to different places in the United States. This would go on for many years and our mom would become quite the expert in packing and unpacking, setting up house and taking care of our Dad, us and countless pets. There wasn't anything our mom couldn't do. Eventually our Dad would retire and our parents found some beautiful acreage complete with fish pond, to build their dream home, there our Mom would lovingly tend to her flower beds and fuss over the hummingbirds that would visit every summer, or as our dad would tell us. "Supervise" him in my house projects. Our Mom also had a knack for decorating, she loved doing arts n crafts and had a deep appreciation for antiques and could find some of the most beautiful and unique pieces. And our Mom could cook some of the most

amazing German meals and she would cook for anyone, always a place at the table, and come Christmas time the house would be filled with the fantastic smells of Christmas Cookies and cakes being baked. But if there is one thing our Mom was really known for was her love of animals. And our parents farm would be at times would be filled with countless rescue animals, not to mention my mom's geese that she would feed and care for on a daily basis. Our mom was truly one of a kind, a loving wife to our dad for 67 years and amazing mom to her children and an adored Omi for her grandchildren which she loved and spoiled and who loved her dearly Andrew, Henry, Harrison, Olivia, Madeline, Brianna, and Liam, and a son-in-law, Fred who adored her.

“A Life Beautifully Lived”

Vielleicht bedeutet Liebe auch lernen jemanden gehen zu lassen, wissen wann es Abscheid nehmen heist. Nich zulassen, dass unsere Gefuhle dem im Weg stehen, was am Ende wahrscheinilich besser ist fur die, die wir lieben

Mit traurigem Herzen und doch schoner Erinnerung nehmen wir Abschied von Meinem Liebevollen Frau und herzensguten Mutter und Omi

# Tribute Wall

“ Dear Omi..thank you for everything that you did for me..you always made the best packages with the coolest surprises!! I just wish you could have visited me in Germany one more time:( I loved when you and Opi would come see us..and we would watch movies together and the adventures we would go on..you had the best laugh!! I promise to stay close to Opi..Auntie Susie..and look after my Mom and Dad!! I will love you forever❤️🙏👍

What a sweet tribute to Omi , Liam.  
I know she loved you very much  
and enjoyed sending you surprises.  
I'm glad you're taking such good care of your Mom. We will all miss Omi❤️❤️❤️

Susanne Fritz - October 06, 2024 at 01:20 PM

“ I feel so blessed to have seen her recently. Such a sweet lady and I always felt her love. Thank you for sharing part of her life with us. She will be missed dearly. Love to all.

*Barbara was always smiling pleasant to be around and just a great person. She was taken from us much too soon. Have really great memories of us being together in Lumberton in August for brother Harold's funeral. We had a fun time even it was for a funeral, which are sad.*
