“ Once Connie and I went behind the old barn and mocked Mrs Betty with her Salems and Lillie Mae with her Winstons in our exaggerated smoking gestures. Real cigarettes in those days. Thankfully we all moved on. Betty Conley is the only person I know that could open the refrigerator and make a soup with leftovers that was well beyond edible, and no two were the same. She never met a stranger. This world was a much better place because she was in it. I could only hope that people will say the same of me when I depart.

“ Awe Connie, I am so sorry to hear of this. I was thinking of your Mama just the other day. Remembering her birthday was coming up soon. My Mama would tell me such sweet and funny stories of our families life long friendship; that became family. Please know that I send my love and prayers for y'all. Love, Peggy

Connie, Mom and I are so sorry to hear about Ms. Betty. We are sending our thoughts and prayers to you. Mom and I were just talking about her a few days ago and also ran across the pictures of all of us at her birthday party a few years back. We all shared some wonderful memories back on Mundy's Mill Road. What a wonderful life she had! Love and big hugs for you and the family! Lisa (Stewart) Henderson and Shirley Stewart.
