“ Betty and I were the best of friends all the way through our high school days at Campbell High School in Fairburn. We spent many hours together at both of our families' homes, Her mother, father and siblings were always welcoming. Later when we grew up and married, had children, and lived in different parts of Georgia we were not able to be together as much as we would have liked. However, she has always been my favorite friend and I will cherish the memories.
