“ I want to extend my sincere sympathy to Betty's family for her loss. I know she is with Charlie because she missed him so much. Betty was at my daddy's service the week before he stroke and I spoke to her a couple of days right before on the phone. She always had a way of making you laugh when you talked to her. The last time I spoke to her she was giving me an example of something and being the Christian she was, she said "you and wish in one hand and shuck peas I the other and see which one fills up first". I told her I had never heard it that way and she said that she thought of the other but that just came in mind instead.

I had spoken to her a couple of weeks before my daddy had died and she left me with a saying she had always told her kids growing up....Buy a Whole chicken because it was cheaper, scrub your feet so your feet don't stink, and do what you want to do because you are going to do it anyway. I fell out laughing and told her she was right!!!! :) I will always remember that phrase and she will be with me in my thoughts always. I pray her kids can take all those memories and more with them to help them get through this hard time. It will be ok because Betty is ok. She is with God and at peace. May God be with her family and bless them. I love you all.
