“ *This is a place to leave respectful wishes, not a forum for tasteless and false remarks. Have some respect for yourself and for the Man/Dad you say you loved. I've met some of the Men Bob served with across the pond. So straighten up and fly right and find some respect for yourselves.*

“ Bobby, how disgusting of your wife aka "KT" to remove mine and our daughter Maria's remembrance of you. I know that you understand my sincere expression of sympathy to our daughters Maria and Barbara. You had an amazing ability to tell stories. Bob you were so very fortunate not to serve in the military, ie Vietnam as many of our lost friends did....instead you were in the Army Reserve National Guard and never left Floyd Bennett Field, Brooklyn,NY along with your cousin Frankie.

You can be so VERY PROUD of Maria's accomplishments which she achieved all alone, I know that you are proud of Barbara as well.

Perhaps now you can ret in peace with Pop, Alexia (our 2nd daughter) and your grandmother Maria.

No matter how hard KT tries she cannot ever change the fact that you are/were Maria's Dad.

You will be missed.

“ Bob....I am very sorry to hear about your passing...As your little cousin, I enjoyed our time together....I always wished you love although it was never communicated to you...But sometimes marriages do that.....You have two wonderful daughters. One who looks just like you,,,,Barbara and the other who has your heart ,Maria.....both very loving girls...(thanks to their mother)...

Till we meet again.....love

“ Please consider the following an apology for the misinformation I received from second hand sources in regards to the Service time of Bobs military service, and apologies to those of his friends and family. It's not uncommon for this to happen. However the rest of the comment stands true. May he Rest in Peace.

CG NJDOC Ret - June 03, 2013 at 12:00 AM

“Dad, we did not have a close relationship & not by my choice. That aside anyone you were friends with had a friend for life and anyone you ever worked with from the NJDOC/NJPD to the film industry always had only great things to say about you. You always put 100% into whatever job you had for as far back as I can remember.

I'm not sure why everyone thinks you were in Vietnam since we know for a fact you were never in a war. I wish they would stop giving you credit for that. Having heard all the stories from Grandpa & Uncle Manny from the time they served this country you were very fortunate to have Aunt Stella get you out of ever having to leave Brooklyn & Grandma always loved to tell that story.

There are things I would have loved for you to have taught me but I was never given the chance to ask, had I had the chance I know you would have enjoyed every moment of teaching me just like when you taught me to play T-ball in my room when I was in 2nd grade using a mini popple as the ball & that night we spent hours on the phone so you could help me write my kick ass Pearl Harbor report in 7th grade.

I had you in my life for about 15 years off & on, then it was Barbaras turn and now Alexias, I'm sure she will take excellent care of you.

No matter what anyone has to say or what they think you were & always will be my father, I was your 1st little girl, no one and nothing can ever change that.

Resperado, Franfranco, Disney, introducing you to country music & finding out a little dog is just as great as a big one are a few of things that always put a smile on your face every time we spoke no matter how old I was and those things were and always will be between you and your tough guy.

Rest in Peace Daddy

Love Forever & Always,

Maria

“ *This guest book is for my father the women he married has no right to remove what I wrote. I was his daughter long before he ever met her, she took my family from me, i did nothing to her, i never even met her, yet she continues to threaten me.*

“ I can't say I knew Bobby, but I am a life long best friend of his first born daughter Maria. If he was anything like Maria, I'm sure he was a wonderful man and loved by many. I wish him forever peace as he be laid to rest. Please watch over my best friend, she means the world to my family and I. Maria spoke highly about you and weeps over her loss. I'm saddened by the misfortune she endured, and by the absence of you.

“ I only knew Bobby for a couple off years as a new member of the local. In that time I got to know him as a knowledgable and dedicated member of our local industry. He was a leader that respected his brothers and sisters participation, yet could take control when necessary. He could have made a great character actor, yet chose to put his skills to use behind the scenes. I want people to remember his good works, even though he was weakened, he continued to work for us to bring another great studio to Georgia. He also led the donation effort to get relief to our brothers and sisters in NY after hurricane Sandy. I hope people outside small group will know how much he gave, as a volunteer, to help others. Peace to you and your family.

“ Bob was a great man,he told it like it was.I was looking forward to working with him again but God has other plans for him he was called home. Like they say only the good die young. He was the real deal. I loved his stories. When I did a pipe ramp on Americas Most Wanted and we wrapped we went to have drinks and he said to me in his NY accent, Kid you have some Balls. We became friends, My sincere Condolences to his Family and Friends.

RIP Brother Bobby.You will be missed.

“ The heartbreaking news of Bob’s passing saddens me personally on so many levels; union, craft, and really personal. Bob affected everyone in all those ways. My sincere and heartfelt condolences to his wonderful wife and family; to his loyal friends and co-workers at every level and category; to his Local and Union that he served so well and so faithfully; and to the world in general because his passing is a loss to all and everyone. Bob was one hell of a human being.

“ I had the great pleasure of working with Bobby during the last couple of years, and we all became like a family. No matter what happened with his health, he remained focused with a razor sharp intensity on keeping the work coming in. I will miss the lunch breaks filled with great stories. And I feel that a true testament to what the man has done for many of us, is the fact that I have been too busy working in an industry he worked so hard to build here in GA, I haven't had the time to visit with KT and the rest of the family. God speed Bobby. Thanks for everything, from the bottom of my heart.

“ To the friends and Family of Bob Vazquez.

My thoughts are with you all today.

As I start another nights work I am reminded of the years Bob and I shared such experiences and it saddens my heart to think we will not have the chance again.

I am also delighted to have had the honor of being Bob's friend.

His hard work as president of our local helped to create the most successful film communities in the country.

We owe much of this to him and I pledge to keep his memory alive with stories of how this all came to pass with his help.

His stories of his days in the police force were impressive.

Bob left me a message about two weeks ago because he saw something I worked on and he was compelled to call and tell me how impressed he was with the lighting.

This was the man Bob was.

This is the person we should all strive to be.

I will miss my friend more than I can express.

I wish you all the best in this time of grief.

“ My thoughts and feelings go back many years the passing away of this Truly Compassionate and Caring person who served his country in Vietnam, who after experiencing the Horror of War was capable of teaching, sharing and experiencing life to its fullest and reminding others that you don't have to work at it, just LOVE those you know and be there for them during those times when they need you. In our lives if your lucky enough to meet such people that Inspire you, Make you laugh till you hurt and Listen to you when no one else does, then you can consider yourself very fortunate to be in that persons company and had experienced a friendship and understanding that served as a model for how you should treat others and see the rewards that come from it. My thoughts and prayers go to Bobs family and friends, I know as others do that this is a Great loss to you all and a Very Sad time for me, I haven't seen Bob in many years but my early friendship with him has stayed with me till this day. Bob and I attended funerals of Law Enforcement Officers in the NY & NJ area when I served in the Honor Guard with him with the NJDOC. I recall like it was yesterday, we were returning from the funeral of a fellow law enforcement officer, Bob, in the quiet of the car, driving back to EJSP , said " When I die, I want everybody to go out and have a good time and celebrate. " Bob, I will do as you have asked. I will Celebrate Life in your Honor.

“ I can't say I knew him well, but I did a couple of shows with Bobby over the years - me a craft service key, Bobby running special effects. We had some great conversations: long and complicated and full of strong opinions. I always thought that this fellow Bobby was a strong and very special person.

I knew also that he did good works and looked out for the people around him. Wish I had gotten to know him better.

Now, as president of IATSE Local 477, I'm very aware of how many of my members knew and cared deeply for Bobby. I think I can speak for all of them when I say "rest in peace, Bobby . . . there are many who miss you, many who remember you well."

“ Bobby was a true gentleman. A larger than life personality who was such a huge supporter of the Georgia Film Industry. We did not know each other for long, but in that short period of time, we got to swap some seriously hilarious film stories, and helped to see the establishment of Pinewood Atlanta Studios. None of it would have been possible without Bobby's vision and passion.

I consider myself extremely fortunate to have known the man, and will always think of him when I set foot on the grounds of the new studio complex. It will be part of his long and proud legacy in Georgia, and the Film Industry, at large.

From all of us at The Pinewood Group, we send our deepest condolences to Kathy, family and friends. Bobby will be truly missed.
