

Bryan Keaveny

August 11, 1969 - December 1, 2020

Mr. Bryan Michael Keaveny, age 51, of Newnan, GA passed away Tuesday, December 1st, 2020. He is survived by his wife Theresa; mother Marian Keaveny; daughters Dana Hibbs and husband Matthew; Kelly Lepchitz and husband Jake; and grandson Ethan Hibbs.

Bryan grew up in Dunwoody, GA. He attended Georgia Tech where he graduated with a bachelors degree in business management in 1991. He worked at Delta Airlines for 12 years and has spent the last 10 years working for Dell Technologies. He was highly regarded in his field of finance and he portrayed his intelligence in such a humble manor.

Bryan and Theresa married in August of 2007. They traveled the world together with their girls and enjoyed playing many rounds of golf at their home club and iconic courses. Besides his love of golf, he was passionate about animals, nature and history. His compassion was seen by every stranger and generously gave to anyone in need.

The family will receive friends on Friday, December 4th from 5-7pm at the Parrott Funeral Home. Those wishing may sign the online guestbook at www.parrottfuneralhome.com

In lieu of flowers donations can be made to Wounded Warrior Project, <https://s>

support.woundedwarriorproject.org/Default.aspx?tsid=10043, a veterans organization.

He is preceded in death by his father, Michael John Keaveny.

“ Theresa and Family,

This saddens me tremendously. BK and I worked very closely for 10 years at Delta, ate a lot of lunches together, and played a considerable amount of golf. He introduced me to many new people, including you and the girls, and he always made laugh. In particular, he loved it when I would enlighten him with a new East TN saying, and he would immediately start using it so that he could file away in his memory bank and reference it the next time an opportunity presented itself. He was golden and I am blessed to be able to call you both friends. My thoughts are with you all at this difficult time.

“ Theresa,

My heart broke for you when I learned this morning. He was absolutely the most fun boss I ever worked for and certainly one of the smartest. He knew when to be serious but he also liked to playfully give some folks a hard time. I always enjoyed the banter that we had and how he made me laugh. In fact, I even laughed the other day when I saw he had a camel on his LinkedIn profile. Yeah, that's him. He was genuinely a good guy and I'm so sorry for you and the girls.

Bryan was one of my closest friends. I met Bryan 25 years ago on his first day at Delta and was impressed with his desire to learn everything about his job. His background was not in aviation but he was so eager to learn everything he could about the industry - and he was a quick learner. I had a hunch he would not remain merely an analyst for long.

In those early years, before Theresa captured his heart, we took many trips together - Europe, Canada, Hawaii. I have many fond memories of traveling with Bryan. In Tijuana Bryan found a 4-foot-tall Bart Simpson doll that he lugged back over the border to San Diego and brought onto our Delta flight home. We were in first class (it was 1996, after all!) and he convinced a flight attendant to let Bart have his own seat, strapped in and everything.

Bryan is one of a handful of people I've met in life who had an outsized life force about them. People were drawn to him, people liked being around him. He loved his dogs, especially Captain, a white lab. Bryan was very loyal to his friends and family and everyone in Bryan's orbit was better off for having known him.

Theresa and Dana and Kelly, I know how much he loved y'all and know you will miss him very much. He will be looking over you from now on. Much love to each of you.

“ Even though we didn't see each other often, I always felt like we were family. I'm thankful for the holiday meals and laughs we shared together when Bryan's mom would invite my mom and I to join her gatherings, especially when Mom was a new neighbor. I always looked forward to those fun-filled, sometimes rowdy evenings. Bryan felt like the big brother I never had. And both my mom and I loved seeing his relationship with Theresa and the girls blossom over time. I am crushed for his family's loss. He was such a force and a good-hearted man. He will be greatly missed but not forgotten.

“ Theresa,

I am shocked and saddened to hear about Bryan's passing. It is heartbreaking to lose someone you love, especially at such a young age.

My memories of Bryan are incredibly fond -- he was my boss when I first became a manager in Revenue Management and I loved his directness, sense of humor, leadership style, and personal touch in coaching new leaders like me. I quote him often with my team and I feel like if you polled folks who worked for me over the years, most of them would recognize his name from the stories I tell.

One last tribute to Bryan's open heart -- he was the first person that I came out to at Delta and he was very encouraging in helping me bring my whole self to the office each day.

Please accept my deepest condolences on your loss.

“ Theresa,

I am so sorry for your loss and not sure any words at this time will help. I was lucky enough to meet Bryan when he worked at Delta in RM, my cube was right outside his office. I quickly realized not only what a smart great leader he was but that we had a lot in common outside of work. When I think of Bryan I think of golf and Cancun, I enjoyed playing golf with him after work and occasionally on weekends, and will never forget the time I ran into you guys in Cancun at our resort. Even though I have not kept in touch I have fond memories of you and Bryan.

I am shocked and saddened upon hearing the news. I have many phenomenal memories with you and Bryan. “ Theresa, I am shocked and saddened to hear this news. Please accept my deepest sympathies and prayers for you and your family. I met Bryan 24 years ago as we worked on the same team, and he never lost his wit or his temper (even when I reported to him). He was a great person to work for, knowing what was important, and what wasn't. I truly appreciated his council, direction, humor, and advice over the years. “ *Shocked and saddened to hear of Bryan's passing. I got to know Bryan through golf at Whiteoak as we played together several times in weekend golf groups, but also shared the fact that we were both Ga. Tech grads. I did not see Bryan often, but when I did, and said hello, he would greet you with a genuine smile that sent the message: He was truly glad to see you again!*

“ *Truly sorry for your loss Theresa. Don't have words to express any more. One significant personal memory of Bryan's generosity was when we would play golf in the early 2000show he would (a) allow me to play from the white tees (b) cheerfully look for my balls as they sprayed all over the course, and (c) very very gently give me a tip or two. And then be willing to play again!*

“ I have been working for Bryan for the last 3 years and his intelligence, business acumen, approachability and sense of humor were obvious from the very first interview I had with him. He was an awesome person to work for and with.

Even though we had some distance between us, with me working from London, we had such a strong working relationship. He was always at the other end of the line for any question I had, no matter how small.

His love for family was undeniable, so proud of his wife, always excited about the next trip abroad.

“ I am beyond sad about Bryan's passing and it has shaken me. I did not get to know Bryan that well but the interaction I had with him in the year and a half I knew him at Secureworks was always positive and fun. He had a great sense of humour, loved to talk about his Yellow Jackets and I got to give him grief about the ND game this year. That was the last time I was able to speak to him but as always a good conversation with some laughs. I will remember him as a nice person, funny and someone who loved his family.
