“ To Pops and Mom...thank you for always loving me and for always being there no matter. I know that you Pops, were called back at just this particular time for a reason and that you and Ours are watching over us all. You were called back for a much larger mission. Remember always that you all as my "adopted family" are always in my heart. It has always been, and always will be difficult to find as amazing a man as you have been. We are grateful, and are so much improved having been blessed in knowing you. Love you Pops and love all the Cheney family and friends who are so very sad to see you depart this earth. I, we know you still have us under your kindnesses and protections.
