“ I served with SGM Mauldin in the U.S. Army, as a reservist assigned to 3rd Medical Command (MEDCOM), Decatur and Fort Gillem, GA, during the 2001/2002 timeframe and was deployed forward with him to Camp Doha, Kuwait, in Support of Theater Combat Medical Support, for Operation Enduring Freedom (OEF)-1 and OEF-2 under 3rd Army (ARCENT). SGM Curtis Mauldin was not a great soldier, but he was also a great person, and a good friend. Always willing to go the extra mile, he is and will always be, sorely missed by myself and those who knew him and worked with him in the U.S. Army. I greatly respect him and it was truly an honor having known him and serving with him. May God bless and keep him and his family, always. Gary L. “ I am so saddened by this news. 💔 He was so, so good to me; the father I never had growing up. He was joyful and disciplined; loyal and strong. He was a great example of the Father's unconditional love. He shaped my life and brought light to some of my darkest valleys with his care and kindness. He will be buried in Arlington National Cemetery with caisson at the appointed time. I am so grateful to have known and loved this man.

“ *Sheila, I am so sorry for your family’s loss. In high school my family lived across the street from you.*

“ *Mr. Mauldin was my AP US History teacher at DCHS. The thing that I remember the very most was that while the world around us was falling apart on 9/11 I had what I now consider the honor of being in his class as the planes hit the World Trade Center Towers and the world started reacting. Mr. Mauldin started making phone calls to find out what this may mean for him (I believe he was in the Reserves at this time). He spoke to us and briefed us (sharing what he could) but tried to let us know that even though he was uncertain of what the next hours, days, and weeks would look like - that we would be ok. He tried to ease our minds and calm our thoughts. That was just the kind of teacher and person that he was.*

I hate to know that he has been suffering with an illness but rejoice in the fact that he is now in a place without suffering and pain. He is back home in a place better than our wildest dreams. My deepest condolences to the Mauldin family during this time.

“ *Mauldin Family,*

I am sure Mr. Mauldin would remember me. I was a student in his 10th grade US History class at Douglas County High School in 2006-2007. I say I am sure because I gave him nothing but grief as a student. I was strong willed and often times disobedient in his classroom, although I was an otherwise good student. I was unfair and quick to judge him, I am sad to say. But that is not the heart of the memory I want to share. No, the heart of the memory is this: Despite my defiance, disobedience and generally difficulty behavior Curtis always, ALWAYS responded to me with grace, service, and care that saw beyond the unbridled teenager and supported my learning with poise and perseverance. As a believer in and follower of Jesus, I sincerely admire his staying power. He had an incredible ability to run the race with patient endurance and his eyes set upon Jesus. Regrettably, I was never able to tell him so. I hope that when we are all reunited in the presence of Jesus I will have the opportunity to say to him what I say to you now, I am sorry for the grief I caused him as a teen and I am so, so thankful that he treated me unfairly. He gave me grace and mercy when I deserved judgement. In this way he displayed the love of Jesus and played a significant role in my development as a follower of Christ. Thank you, Curtis. Enjoy the presence of Jesus.
