“ Danny was one of several amazing 230 folks who took me under his wing when I was hired by the FAA as an attorney a few years ago. He always had time to answer my (many!) questions, even when the answer must have seemed obvious to someone with as much aviation experience as he had. He was a lovely, funny, brilliant man and I'm so honored to have gotten the chance to know him and to be a part of his FAA family.

“ I never will forget the love all the Moons have for children with special needs. Laura, Danny's daughter, is my sister-in-law. Before the pool was filled in, my daughter Kayla would go over swimming. Kayla has severe autism. EVERYTIME she would go over, she would disregard the fact she had on a diaper and would jump in the pool. Mr. Danny would always say, "just let her have fun," as he scooped peices of a dissolving diaper from his pool. He was so gentle and loving with Kayla. I will always remember him helping her feel special. So much happiness came to her because of his kindness.

“ Mary,

I pray that God's love gives you and your family peace and comfort at this difficult time.

Danny will surely be missed, he was a one of a kind, full of life & energy and a big heart! I've known Danny through the FAA for over 10 years and we have broken bread together at many a lunch with Ken Foster, Larry Smith, Alan Hill, JD and others. I will never forget his endless supply of stories, facts, jokes and humorous tales. He was literally like a walking encyclopedia :)and thats the honest to gosh truth. I often asked him, after he had shared a fact or story; "Is that true or are you just pulling my leg?" 99%of the time it was true. Either way he'd always grin. With his gift of gab, he could dang sure convince you of just about anything.

*From one friend & talker to another; Here's to you Danny Moon!
God rest your soul.*

“ Dear Mary and Family:

I was sincerely sad to hear of the passing of your loved one. I know you will miss him as will all who knew and cared about him. Danny and I have spent many special moments in my office when we took a break from the duties of the Federal Aviation Administration talking about family. He loved his family very much. Know that your husband, daddy, brother, cousin, friend – Danny – has now taken up residence in the City of No More. No more hurt, suffering, hospitals, nor disappointments. God Bless you all, and please feel free to call upon me anytime. You are in my prayers.

“ *I served with Danny at Charleston, as one of his pilots in the C-141.*

Danny was a good-humored crewman who helped make our long journeys enjoyable.

He was a great Flight Engineer who knew and did his job well.

He and Mary both were good friends to each other and to all of us in the Squadron. Together, they made hard work easy for us.

I was lucky to have known him.
