“ I'll never forget you Debby!!! I already miss you so much!!! Debby had the sweetest and purest soul that I have ever known. If she was your friend, she was your friend through thick and through thin. Through the good times and the bad. She accepted people for who they were and would love you when no one else did. I can say without a doubt you are and will always be my best friend. Ill never will forget all the times I would walk down the road towards your house and if you were outside you would get so tickled when you would see the first site of me. When I got to the driveway each and every time you would greet me with open arms and hug me and you would always offer me a coke. You would never turn anyone away no matter what. God blessed us all just by giving us the time each one of us got to spend with you. You were a beautiful angel here and I know you will be in heaven!! I'll never forget and will always cherish our memories together.
