“ Debit was a great friend and I worked with her in GI nursing for over 20 yrs. She was always patients first and caring to all the staff that she managed...like me. She allowed me to work as needed due to al my AF commitments during wartime. I'm so grateful to have known Debbie and we also were always so silly together...in fact we made a patient song to u are my sunshine but geared the words to comfort them before their procedures. Debbie you are so missed but know u have alot of questions for God as I hope you wake me at nite and get me the answers too. I love u Do Do and you are in my heart always.
