“ *I think about you often. I wish you had a chance to meet our son. You were an exceptional person with a kind spirit. I was blessed to have met you.*

“ *You were taken from us entirely too soon, "bro". To this day, you are still honored, respected, & remembered as a great co-worker, friend, & inspiration to me as well as many others. You are fondly remembered & sorely missed. May God have sped you to His side in Heaven on that day He called you home.*
