“ *Mr Parker was there with kind words for me anytime I needed them. He always made me feel hopeful and that is a hard endeavor. I hope I can extend to others even a fraction of the kindness he extended to me. His daughter Sarah has been a very good friend to me for decades and I know it's because she has that same heart like her dad. I'm forever grateful that I got to spend time with such a faithful servant of the lord. We are all better people for having had Mr Parker in our lives!*

I served with Scott aboard the USS Guardfish many years ago. Even way back then during our crazy young years, it was obvious Scott was a special person. We are all better people for knowing him. Rest in Peace.

“ I met Scott when I joined the HR Chancery staff in Atlanta 15 years ago. Rosa was there then and still is a benefits specialist. In addition to his military career, he was an "HR Guy" so we had a lot in common. We also belonged to the club no one wants to join in common - that being prostate cancer. I had it long before Scott did and it was caught very early. My father also had it and died from it before his 70th birthday. We shared stories and treatment experiences and, I think, brought each other some comfort in being able to talk about it. Rosa remained steadfast by his side through out it all. She is an incredibly strong women. Rest in peace my friend.

“ I was saddened to hear of Scott's passing. We started kindergarten together. Throughout the many years, we would see each other out shopping. We would talk and talk. Scott had a sweet soul and will be missed.

“ I hadn't seen Scott since high school and playing some baseball together way back when. Fast forward 40+ years and we connect on FB. What a pleasure to find out we have a common faith, motorcycles a love of Thailand. We tried to connect a few times in person but health issues and our travel then COVID kept that from happening. I am sad it didn't happen but look forward to when we can reunite and meet again. Scott was a pleasure to get to know again and find out what a good heart he has. Rosa we look forward to meeting you. You and your family are in our prayers. - Chip and Pichaya Denton

I went to Palmetto High School with Scott, where we shared a few classes and interests together, but never became close friends until I met up with him again on FaceBook many years later. He met my sister Judy through my friends list and the activities I was posting of Rico Brickworks. He was supportive of Judy's food pantry, ball teams, and art classes, but most importantly, he became a close confidant and friend of Judy's when her cancer was discovered. I thank him more for the support, friendship, and comfort he gave Judy than anything else. Last time we saw each other was in the paint and canvas section of Michaels. Scott, rest In peace, and give my sister a hug for me, because I know she will be waiting in Heaven for your arrival.

“ Dear Good Brother Scott,
You are a true American hero and Champion of Jesus Christ. I was blessed to be in Diaconate formation with you and bond with you through the years. I hated that you suffered so much. You demonstrated that no matter what Our Lord is with us during the good times and the bad. You left permanent “good tracks” in the sand. You will never be forgotten. My hope and prayer is that you now be in Paradise with Jesus whom you served so well and all the Saints was especially those you loved that preceded you. May you be graced with that Big Mansion that you rightfully deserve. God bless you with everlasting joy. Keep us in your heavenly prayers. Know that you and all your loved ones now mourning are in mine. Rest In Peace. 🙏🙏

“ Scott's family
I have known Scott since UCES and CHS when he was there. We reconnected after he retired from the US Navy and returned back home. We shared a lot of sea stories of his Navy times and mine with the US Coast Guard. We had a mutual respect for each other's service in the military. He will be greatly missed by all.
