“ Douglas and I were more like brother and sister than cousins. his mother and my mother were sisters his father and my father were brothers it used to always tickle him for us to have to explain this to people who just didn't quite get it the 1st time. it was challenging sometimes and he got a kick out of it. I always considered him a brother. We grew up together went to first grade together and had the same teacher. He had a very big heart and always wanted to do for others. He was a little rough around the edges but very sweet on the inside. He loved his mother and father and his whole family. He will be missed but I know he is in heaven with his mother and father and he's walking and smiling and completely pain free. If he considered you a friend he definitely would take care of you. if you needed anything all you had to do was ask and most of the time you didn't have to ask he would just try to give All his money away every month I think he got that from his mother and father I think he inherited that. they were very giving people. Dinky and Johnny was like my 2nd mother and father. I wish I could have seen their faces when they were joined by Doug in Heaven. It must have been a wonderful reunion One day I hope to join them in heaven in and be at peace and happy forever and ever amen. I know he appreciated everything that everyone did for him especially his sister Sharon and his brother in law Will for welcoming into their home to care for him when he could no longer care for his self. God-bless you Doug I love you!
