

Franklin "Frank" Lambert

August 13, 1951 - July 27, 2021

Mr. Franklin Cook (Frank) Lambert of Palmetto passed away July 27, 2021. He was the son of the Dudley James Lambert, Jr. and Jacqueline Cook Lambert. Frank was preceded in death by his daughter, Elizabeth Lambert and is survived by his wife, Karen Grubbs Lambert of Palmetto; sons, John Lambert and his wife Melissa of Tyrone; Philip Lambert of Auburn, AL; brother, Dudley Lambert, III and his wife Guywn of Tyrone; grandchildren, Will Lambert, Zachary Lambert and adopted son, Ghaly Jules.

Frank was retired from The Georgia Power Company after 23 years of service and was also retired from the Georgia Institute of Technology after 22 years of service where he served as Principal Research Engineer at the National Electric Energy Testing Research and Applications Center (NEETRAC). He was currently serving as President of the Institute of Electrical, Electronics and Engineers (Power and Energy Society) which provided him the opportunity to travel the world over. During his travels with his church, on mission trips, Frank developed a passion for the people and country of Haiti.

Funeral services will be held Friday, July 30, 2021 at 2 o'clock at Palmetto Baptist Church with Rev. Sammy Orr, Rev. Eric Patterson and Rev. Stan Buckley officiating. Interment to follow at Holly Hill Memorial Park. Those wishing may sign the online guestbook at www.parrottfuneralhome.com. In lieu of flowers the family request donations be made to Palmetto Baptist Church Building Fund, 6344 N. Hwy. 29, Palmetto, GA 30268 or to ButGod... Ministries (butgodministries.com). The family will receive friends Thursday

evening from 5:00 until 8:00 p.m. at Parrott Funeral Home in Fairburn. 770-964-4800

CM

Frank Lambert was such a Godly, kind, wise gentleman and Fulton County School Board member. All of us in Fulton are better because we knew Frank as an awesome leader who cherished the children, families and staff in the school system ❤️ Frank was always about family, faith and fellow man. We are all sad of his passing but joyous for him in his Heavenly home ❤️

Carolyn Bragg (Hecht) Mattingly - July 30, 2021 at 01:14 PM

KL

I was so sorry to hear of Frank's death. I graduated with Frank and was so glad to have the opportunity to sit at the same table with him at our last class reunion. I'm thankful to know that he was dedicated to God and we'll be reunited in Heaven. My deepest sympathy to the family.

“ I met Prof. Lambert in 2019 at the IREC19 conference in Tunis, and I had heard about him a lot. He was very kind, humble, and wonderful. He wrote me a recommendation letter, and based on it; I got a scholarship. He was a role model on all fronts. heartfelt condolences to all his friends and family.

Saad,

“ Frank Lambert was an instructor in our GeorgiaTech Professional Education course that trained over a thousand students to assist them in obtaining professional licensure. The students thought very highly of Frank. He was a gentleman, always professional, and deceptively smart. He was exceptionally easy to work with. The loss of Frank is personal to me.

Russ Callen - August 05, 2021 at 02:28 PM

JH

“ Dudley, so sorry for your loss. The wonderful tributes written here will help fill the void in your heart. Judy Ruppensburg Hopkins, Campbell Class of 1965.

Judy R. Hopkins - August 04, 2021 at 04:21 PM

TT

“ I wish to express my deepest sympathies to Frank’s family. I was shocked to hear of his passing, and the industry and the world have lost a truly unique person. I had the opportunity to work with Frank for several years at NEETRAC and found him to be a true gentleman. He had outstanding professionalism and provided helpful guidance. I will miss his advice, friendly demeanor, and friendship.

Chris Lettow - August 02, 2021 at 03:39 PM

JS

“ Frank became President the day I became Secretary of the IEEE PES. During the election process he supported all the candidates, including me and my running mates and once I was elected, he called to congratulate me and offered to help with my transition. That is the way I have always known him...always reaching out to help. I always liked his sense of humor. During conversations, usually small groups, he could find alternate meanings in your words and make a follow-up statement that led you to believe he didn't get your point. However, with a sly facial expression, you knew he knew what you were trying to say. In his humorous way it would put the conversation at a casual and more at ease level. He was a team player, a friend, a leader with compassion and empathy, and I will miss him....Jonathan Sykes (IEEE PES Secretary 2020-2021)

Jonathan Sykes - August 02, 2021 at 12:33 PM

“ When I heard this devastating news, just couldn't accept. Frank is a so kind leader. He has empowered many members of PES, especially our female members. I become PES WIP Chair since 2019 and started to have a connection with our president. He always gave the full support to my work in WIP activities. As a great human being, he will always be kept in the memories of me and others. The power and energy he has given us will be used to empower more people in this society as well as the world.

May his sole rest in the peace.

My condolences to his family.

Ruomei LI, IEEE PES Women in Power

Ruomei LI - July 31, 2021 at 07:03 AM

RL

“ Dear Family and Friends of Frank Lambert:

It is an honor to share in the outpouring of grief and affection for Frank and his family. Clearly Frank was an amazing person and a strong witness for his faith that teaches love and respect for all persons and all of Creation.

We have known Frank relatively recently through his commitment to IEEE PES and his personal outreach to IEEE Smart Village, ButGod and the impressive work in Haiti, and the more recent IEEE Empower a Billion Lives program. Frank's steadfast commitment to these programs and all who benefit from them was huge and we hope will continue far into the future as they strive to create equality and justice for all humanity and all Creation.

Frank's big smile was because he "got it", that which his faith teaches, and he was very much at home with it. That we should all be so fortunate, and be able to look at his passing as a graduation: "Well done, o good and faithful servant!" May we honor Frank by continuing his noble work with unflagging optimism that "all may be one."

With condolences and deep thanks to all who helped make Frank into the very unique person who blessed all who knew him,

*Ray and Albe Larsen,
/for IEEE NPSS and IEEE Smart Village*

Ray Larsen - July 30, 2021 at 05:23 PM

“ Dearest Karen,
It is with a very heavy heart that I send my sincere condolences to you and your family over the loss of precious Frank. I only just found out about this deeply sad loss. I remember Frank well, he was always such a kind, humble man, a perfect gentleman in every way. I remember when you played the piano at my wedding to Chuck in 1972. I adored you and your precious parents, growing up in our little town of Palmetto. My brother Butch lost his previous wife of 31 years on Friday July 23rd. Our family is devastated as I know yours is also. Her graveside service is at Holly Hill tomorrow at 1;00. Maybe we will see one another as we lay these precious love ones to rest. I am sending you and your family prayers for peace and comfort. All my love, Terri Jones Dewberry

“ I first met Frank in 2008. He was running a project at NEETRAC which included a product from my company. He said you may want to join NEETRAC and get involved here in what we are doing. Well we did and I also gained a friend. We would see each other at NEETRAC meetings and IEEE meetings and share stories of our work with our churches. Frank was always positive and good humored. For me, he was one of those guys you hope to become one day. My most memorable time with Frank was during a blizzard in Chicago February 2011. Me, Frank and a few others were there to do some testing for a NEETRAC project and spent the first night in the hotel during a blizzard. We decided to cross the street to get pizza in the middle of the blizzard, and I remember Frank saying "Good luck, hope you make it", as we all took our turn running to the pizza joint. Here is a picture of us with Frank next to the mountain of snow the next day. I share the same faith as Frank and we talked about that many time and I know where he is and I will see him again someday. I never got to meet his family but he sure did like talking about you all, especially the grand kids. I you peace and comfort at this time, you have my prayers.

“ Frank was one of the biggest champions and advocates of IEEE and PES supporting poverty alleviation, energy equity, and rural electrification. He was an enormous supporter of my work in IEEE Smart Village, and also helped establish the IEEE Empower a Billion Lives program. He traveled on a regular basis to our communities in Kenya, Nigeria, Haiti, etc. and would bring his students with him to help train and empower the local communities.

During the IEEE Foundation receptions and PES conference openings, Frank and I were often the only two people not taking advantage of the open bar. Frank would be sipping a diet coke, and I would have a Canada Dry, and we would stand around and talk about how we could get IEEE projects to collaborate with each other more effectively.

Frank was not just an amazing leader and professional figure, but a very kind person who deeply cared about everyone in this world

Alexander Anderson - July 29, 2021 at 01:50 PM

“ I never met anyone that made me feel so good about myself as Frank. I worked for SRP in Tempe Arizona and we would put on an annual IWC meeting with Frank as the MC. I was the cat herder and we had so much fun playing off one another to get the group together - the Frank and Kathy show. Frank was kind, funny and so very smart but he never acted like anything other than a humble person just making the world a better place. He will be so missed. My thoughts are with you all.

Kathy Knoop - July 29, 2021 at 11:33 AM

AM

“ As everyone who interacted with Frank will attest, his wit and humor and gentlemanly demeanor were truly exceptional. He made people feel welcome in any conversation. I have fond memories interacting with Frank in many settings, but I will never forget our time in Singapore walking back from the conference venue to the hotel in the late evening. He insisted on walking. It was SOO humid - even for Southern boys - and we were soaked when we got back. He just looked at me and said "Well, I guess that wasn't such a good idea." Well, Frank, I will always cherish that walk and talk even in the Singapore heat. A great man. God blessed him and may God bless his family and comfort them at this time.

Alan Mantooth - July 29, 2021 at 11:10 AM

“ Dear Karen and family, my heart is overjoyed when I remember Frank and all that he taught me and counseled me and so many others. Knowing him and working with him at Georgia Power and thru NEETRAC was my privilege as well. He was truly devoted to our God, his family, his missions and to the work he did throughout the world. May you be comforted by the full awareness of God's providence and presence at this time and forever. All I can say is best summed up in Matthew 25:23, “His lord said to him, ‘Well done, good and faithful servant; you have been faithful over a few things, I will make you ruler over many things. Enter into the joy of your lord.’” Sincerely, Michael Pearman

TC

“ Frank and I worked together for many years, first at Georgia Power and then at NEETRAC. He was always easy to talk with, willing to listen, and ready to provide suggestions. He was a team player who saw the value of each team member and the contributions they could make to the overall project - no matter what type of project that might be. This made him a mentor to many and led to many long lasting friendships. His involvement in IEEE, PES, and ministerial activities through both his church and other organizations demonstrated these qualities to the world and will provide a lasting legacy. There were many projects to be proud of that provided results exceeding initial expectations. The joy of such successes was always a driving force from which he got pleasure, built friendships, and made the world a better place.

He will always be appreciated and missed by those of us who knew him. Our prayers go out to his family to support and uplift each of you. May your memories of him strengthen you and continue to guide you through life's turns and twists.

P.S. Candy also says thank you for providing proper training in "yes dear." For those of us who married late in life, it was a great lesson in marriage success.

*With Love and Appreciation,
Candy and Tom Champion*

“ Carol Beaber lit a candle in memory of Franklin "Frank" Lambert

Carol Beaber - July 28, 2021 at 05:44 PM

My late sister was a classmate in elementary school. My deepest sympathy to all the Lambert family. May God fill you with peace and comfort knowing He holds your sorrowing hearts in His hands, and lean on His love during this time.

Carol Beaber - July 28, 2021 at 05:47 PM

To the entire Lambert family,

Our thoughts and prayers are with you all, and we loved Frank and have wonderful memories of his love and devotion to the Lord. He always was such a friendly and great contributor to his gifts and talents at whatever he did.

Love, Bobby, and Alice Wheat

“ *You'll be missed, Frank. Your love of family, knowledge of electricity, and never-ending sense of humor left a lasting impression that will never be forgotten.* ”

“ Frank, you are a good man, first here and now in heaven. We spent so much time together - running at lunch, hiking in the Appalachians, camping in the Twin Sisters in Oregon - and even camping with the boys in North Georgia.

You and Hollis were such good Christian mentors for me - when I was an atheist/agnostic. and now being an all in Christian, my life is so much fuller. Thanks my friend.

“ I am so sad to hear the passing of Frank. I met Frank in 1973 while he was with Georgia Power as a young engineer and became good friends and worked together on many occasions while he was at Georgia Power and later with NEETRAC. In my view Frank was instrumental for the success of NEETRAC. Frank was a quietly deeply religious person, a gentleman and a friend. He will be missed. My heartfelt sympathy goes to his family.

“ Frank Lambert was one of a kind! He was a kind and gentle man and loved God! I have so many wonderful memories of mission trips and so many other church activities. My heart is broken for those that he left behind, but I can only imagine the reunion that is going on in heaven right now. Frank Will be missed by many, but the memories will Live on.

“ I met Frank in Haiti several years ago. He is one of those individuals you meet in life after just a few seconds you knew he loved Jesus. Shortly after we met, we hopped in the back of a pickup truck with two interns in tow for a dusty, bumpy two hour ride up the mountain to Thoman. Frank never missed a beat. He never stopped smiling. He was sharing stories and pursuing his passion of getting to know everyone in the truck he didn't know. It was as if we were riding on a perfectly paved road in the back of an air conditioned limousine. The environment or circumstance didn't affect Frank's heart of loving and showing respect to all. I will miss Frank even though we talked only a few times a year. His influence has and will stay with me. I am blessed by know Frank. I look forward to sharing stories with him again someday. Please know I will be in prayer for peace and joy as family members grieve and celebrate his life

“ *Karen and family -*

No one can imagine the grief you are going through. So sorry to hear of Frank's passing. He was always such a kind person and had such a positive outlook on things. I had the pleasure of traveling on the plane with him to and from Bangkok for yet another IEEE/PES meeting several years ago and all he talked about was his family and particularly his grandchildren. He so enjoyed life and everything it had to offer.

My deepest condolences to you all.

Miriam Sanders
