“Glen Weber was a blessing to our family. As neighbors, he and Teresa were an answer to our prayers of having a new neighbor that was a family man. He and Teresa became a part of our family. Glen inspired us with his work ethic, his love of country and family. He influenced our family in many ways. My son Michael did a school report on him about his military duty during the Korean War. Michael came back from that visit about with a better understanding of the privilege we had of having Glen as a neighbor and a friend. Michael gained a deeper level of respect for Glen as a man of honor and a true patriot. For Tony he always had time to listen and always engaged him in conversation about school and band. He taught my daughter Tori how to play marbles and cheered her on as she learned to swim in his pool. For my children, they feel they have lost a member of their family. For my husband and I we feel the loss deeply, he was our dear friend. An honorary father to both of us. To say he will be missed is an understatement. He was a joy to know. He loved his family, and he adored his wife Teresa. Their love and commitment to each other was strong and beautiful to watch. It was an honor to be a part of his life. We will miss him dearly.

“ *Glen was the best father in law. He always made you feel welcome and was ready to help with anything around the house. You knew he loved his family first and would do anything for them. I use to love to go clay pigeon shooting with him. I am still not sure if he let this city-slicker win occasionally but I enjoyed it very much. I also enjoyed going with Glen when he made an after hours service call. I think he enjoyed the company even if I couldn't help.*

“ Dear Mrs. Weber and "The Girls" (We'll always be "The Girls" to each other, won't we?) -

*Mom called this evening to let me know about Mr. Weber's passing and I just couldn't believe it. The memory of his voice and especially his laugh is still so very clear to me. And he always had a twinkle in his eye. He was always smiling.*

*I will never forget all the wonderful times we spent together as children. I have very vivid memories of the vacation we took together to Jekyll Island. Do you remember the photo of all 9 of us girls lined up along that very long hallway in the house we rented? But even more special to me were the times we spent in your home and big back yard in Camden. We had so much fun there!*

*I wish I could be with you this weekend to give you all a big hug. You will be in my thoughts and prayers.*
