“ Julie and I were close friends, if we were not at Real life center, we texted or talked about everyday. Julie had a kind ❤️, my cousin past away and it was in Alabama she drove me to the funeral On the way back we were going to stop at Mayhaley Lancaster grave at Caney Methodist church. But we got confused lol. We were going to go back another time
The last time I talked to her was early Thursday her asking me if I was awake. I said yes, she went downstairs to put ground beef in fridge and went back upstairs. Said she was going to go back to sleep
Good night golden girl sista love u I told her the same
My condolences to her family, she wanted so much to move near her granddaughter Ashlee,she loved very much. Julie and I went and cleaned Brayden's grave and she fixed arrangement and put cars on his grave. Julie I still can't believe u r not here, I'm glad u aren't hurting anymore. I will always cherish our friendship, I will check on Linda and see how she is. your 2 L& L's will be fine. God has a Angel to watch over us ☐ love u golden girl sista

My condolences to Julie's family & I'm so sorry Julie left too soon. She was a warm & caring person & as beautiful on the inside as she was on the outside. Julie loved her friends & family with her whole heart. She especially loved her son & his family & all her grandchildren, which were the apple of her eye. She was so proud of all of them & was constantly bragging about Ashlee & her nursing in FL. She would go to her grandson Brayden's grave site to let him know he was still in her heart. Julie treasured her friendships & her tender heart loved all animals. I was very fortunate to call her my friend for the past 40 yrs & we both laughed & cried through thick & thin throughout the years of our lives. Whenever either of us said Panama City, we were there. However, the last time we were headed there, our old age kicked in & neither one of us were able to drive or have the funds. That sucked!! I'm a better person because of my friend Julie & I hope to see her again in Heaven. RIP my friend!!!
