“ I was shocked to just learn Dr. Jo passed away on May 19th. I was scheduled to see him in 3 days - I am profoundly saddened to hear that he is gone. Dr. Jo was one of the finest, most gentle, caring people I have ever had the pleasure and good fortune to know. Like some others, I was always fearful of seeing a dentist. In September of 1992 I developed a tooth ache after avoiding dentists for a couple of years, and randomly called Dental One in College Park. The receptionist said: "we have just the right dentist for you - Dr. Lee Johanson". Boy, were they right! Dr. Jo took me on as a new patient, and along with his good friend Dr. Larry Sweeting, got my teeth and gums back in good shape. In addition to periodic fillings and crowns, I have been seeing Dr. Jo every 3 months since late 1992 for my cleanings and checkups. I actually looked forward to seeing my dentist because of Dr. Jo. Loved his stories, his jokes and golfing recaps. We became good friends - I considered him family. Always looked out for me and gently pushed me to get things done that I was avoiding. I will never, ever forget Dr. Jo - a most intelligent and wonderful person with a big heart.

He loved his family and frequently talked about them. I am so sorry for their tremendous loss - my prayers and thoughts are with you. And also, my condolences for his work family throughout Dental One. It will not be the same in the office without Dr. Jo. God bless all of you.

“ I loved Dr. Jo. My whole family were his patients. He was a sensible, caring, no nonsense dentist. We will miss him so much. I used to make lemon poppy seed cakes for him.

“ I'm floored that my favorite dentist has passed away. He was truly an exceptional dentist and just made you feel comfortable under his care. He reminded me of a doctor who would do home visits, just really comforting. I'm sorry for the loss to his family and work family. He will be missed immensely.

“ Dr. Jo (as we affectionately called him) was just a gentle man with a warm heart. I started at D-1 in 1992 and have been a patient/family member ever since. It's great to walk in and they not only know you but have excellent record keeping and could always pick up where we left off. D-1 is a family affair for our household. I am saddened to hear of his passing. I'll miss so much about him (wisdom, humor, professionalism, extremely thorough and quite convincing if he needed to nudge you to take care of something that you've been avoiding under his care..LOL).

Dr. Jo was truly one of a kind and I'm honored to have been in his care for more than 25 years. My condolences to his dear family.

“ *I was very saddened to hear of Dr. Johanson's passing. He had been my dentist from the time I moved from New York to Atlanta in the '70s. I was a patient of his when he had his office on Old National Highway and up until his connection with Dental One in Fayetteville. He was an ideal dentist for me. I was terrified of dental work because of previous horrible experiences with other dentists. I recommended him to anyone who told me they needed a good dentist. We shared the same birth date and his conversations were always friendly and personable. I pray his family will be comforted.*

“ *I consider Dr. Joe as my family. He diagnosed my husband with mouth cancer, and literally saved his life, He was my dentist, but he was much more than that, He was always a loving person, and a friend to me, as well as he was to every one he ever met. He will be truly missed. He touched so many lives in his life.*

We will miss Dr Joe, always thought of him as a friend and part of the family. We started going to Dr Joe when our children were young and before he went with Dental One. He always made you feel at ease when ever you needed to have work done. All of us in our house whole will miss him. To his children we keep y'all in our prayers and your Dad was a wonderful man. May God bless y'all.
