“Buddy was Delta through and through. For a bunch of young guys fresh out of the military or A&P school he was perfect in the job of foreman. Full of energy and bluster but none of that meant he didn't care. He will be missed.

“Buddy was one of kind. some 25 years ago, I was awoke by his call, I worked second shift at the time. He asked if I would like overtime for the day and I did. Before anything else was said, he said "good I will sign you up for the rest of the week" and hung up. Not quite awake I wondered what had just happened. He will be missed. God peace Buddy!!

“ I first met Buddy when I was under 8 years old. He was my first baseball coach. He loved to yell. Years later I was hired by Delta, in Maintenance and our paths crossed again. He was still yelling, but I still loved him. He was someone that I looked up to and he will be missed. Rest in Peace Buddy.

“Buddy was my first foreman when I started with Delta nearly 25 years ago. I am sadden and pray for your comfort with his loss from you all. I will never forget him! Once after he assigned me to work the tool room for a week, the friday before, on Monday he left a message on my answering machine at home stating I better have a great reason why did not report in to work this morning. My Lead reminded him where I was. Before I knew anything of the first message, he sent a second message saying desregard the first message and I didnt need a reason any more. :) He was a fair man to work for.
RIP Buddy!
