“ We were so sorry to hear of the passing of Dr. Baird. He was a long time friend of our family and a close friend of my father. He was a great physician and will be missed by the entire East Point community.

“ Dear Carol and all of the Bairds,

*I had the double privilege of working with Dr. Baird and being his friend. As a nurse on the major surgical unit and in the post anesthesia department at South Fulton Hospital for many years I knew very well that he was the best of the best. He was a surgeons, surgeon and a doctors, doctor. His patients loved him, the calm quiet and confident personality helped even the scariest of days seem a little more manageable.*

*Now for the friend part. Our families have been close for as long as I can remember. Thousands of times as I would be coming home I would look over and see the lights of the Baird household shining. Up and down the street the same would be for our other neighbors. Somehow things seemed safe and happy then. I will miss Dr. Baird.*

“ Dear Mrs. Baird and family: I am shocked and saddened to learn of the passing of Dr. Baird. He saved my life when I had double pneumonia and infected ears in the early 60s when I was a little girl. He made house calls to see me daily and give me medicine. He had the most wonderful and friendly disposition and that meant a lot to a second grader. It also meant a lot that he made house calls. I want to extend my deepest sympathy to all of you and I am praying for all of you.

“ I am so sorry to hear about the passing of Dr. Baird. Dr. Baird was our family doctor when I was a child and continued to be in my adult years until he retired in 1992. He was an amazing man and an great doctor!!! Praying for Gods strength, comfort and peace during this sad time here on earth.
