“ *Mama you have been gone a whole year now. You have been missed and loved every day. I think with me not working anymore I had a lot of time to think of you and how much I miss you. I think of all the times when we were young and even though lots of the time things were hard for us with a family of 8. There was always room and time for any of our friends. Some that came in the middle of the night just so they could be safe for a few nights and most who came during the day so we could play until way past dark you were the mom for all the kids around us. You cut our bangs fixed our boo-boos made sure we were all feed. Mama I love and miss you so much. Love your daughter Cindy*

“ I worked many a long night at SRMC with Margaret and as both a staff nurse and as a night charge nurse I can honestly say that there never was a finer and more helpful supervisor in my over 35 years of my hospital nursing . I and all the nurses could count on Mrs. West to assist us in giving the best care possible to our patients and she was always an example to us of what that care involved. I am very saddened to learn of her passing as she was figuratively a candle in the dark on so many a long dark night. Yet I know that her reception in Heaven was with open arms and the pronouncement of "Well done, thou good an faithful servant",

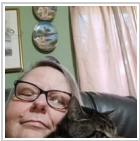

Sylvia Nolde, R.N.

Thanks so much for your wonderful words about my mother I know that she loved being a nurse and working night shift. She also loved all the staff she worked with. Cindy

“ Goodbyes are not forever, they are not the end, it simply means I'll miss you until we meet again. Those we love never really go away, they walk beside us everyday, unseen and unheard , but always near. Still loved, still missed and very dear. God has you in his keeping and I will always have you in my heart. When someone you love becomes a memory, that memory becomes a treasure. God saw you were tired and a cure was not to be. So He put his arms around you and whispered "come to me" Sending heartfelt condolences to the family during this difficult time.

“ I first met Margaret in nursing school. She was the mother to 6 children while attending classes and clinical. It took a lot of strong will and dedication to graduate. She remained strong willed and dedicated to the hospital staff for so many years before retirement.. Margaret loved her children and grandchildren more than life itself. She was a legend as the night shift supervisor at SRMC. I am honored to have been her friend and worked so many years with her.

“ My favorite memories will be her open home on Sundays with all her grandchildren running around the house when I was little and late nights at SRMC talking about romance books while snacking when I was an adult.
