“ I was going to try and visit Mark this month on a trip through Atlanta and was very sad to find this obituary. I went to Embry-Riddle with Mark 82-87, and we kept in touch since then.. I saw him several times over the years and we had a great time reminiscing and lots of laughs. We both came from Pennsylvania and drove from FL to PA for holidays one year during college. His Mom and Dad picked him up/dropped him off at my parents house. (Sadly, I recall his Dad died in an ultra light plane accident soon after that). During the drive back to FL we ending up getting lost somehow and found our selves heading North instead of South! We had some ferocious backgammon games back then and when we would get together in later years (he usually beat me). Last time I saw Mark in 2010, we called our old college friend Barry Fischer and chatted with him (Barry unfortunately has also passed), and played some backgammon! So sorry to hear Mark is gone, he was funny, a kind and gentle soul and I will miss him. My deepest Condolences to his family.

“ I will miss Mark very much. He was a close friend and the only friend from PA that kept in touch. We had dinner several times when I lived in GA and we talked every couple of months. I was saddened when he didn't return my call this time. Doreen Richard
