“ *Certainly remember her fondly as Dr. Morris nurse through pregnancies and family ailments. Not able to attend service because of previous commitment.*

“ *Melba was my nurse as a child, teenager, adult, wife and mother. She was so prim and proper in her white shoes, stockings, and starched, whiter than white uniform with never a hair out of place. She will be remembered and missed by those of us who were fortunate to know her.*

“ Praying for the family during this time for the loss of Ms. Melba. I remember her as if it was yesterday in her white uniform and hat. Dr Morris with his bow tie and laughing at him and Melba cause one or the other said something smart. I miss those days.

“ My prayers are with each family member. Melba was a very very special lady and we spent many moments together. She was there for me while piercing my ears, calming babies, and even me at times. I don't know what I can say at this time Or what I can do but one thing is for certain, I can pray and I will certainly have each of you in my prayers.

I hate I never met this special lady personally but I know my mom named me after her! She was my moms nurse when she was at Crawford Long Hosptial!! I count it an honor to have been named after such a sweet and special lady!
