

Mickey Littlefield

January 17, 1946 - October 16, 2016

On October 16th, 2016 the world lost a whole lot of sparkle; sparkle that began 70 years before on January 17th, 1946. That's the day, THE day Byron Willis Littlefield was born. His beloved grandmother, "Mama" quickly decided he was more of a "Mickey." College football was the most "important, non important thing in his life." His last text message talked about that love. Love was the dominant theme of Mickey's life. First, his love for Christ, then for the adoring love of his life, Margaret and three "only children," his friends were next and then - a job as a State Farm agent he said he loved until the very end. Helping people in their times of need, that's why he loved it. A history major at UGA, he made history; the first in his family to graduate college, he was a leader. A leader to his beloved classmates at College Park High School, to his community as school board chair and to his children who idolize him, along with dozens of their friends. His gregarious, grateful, driven, loving and magnetic personality will be deeply missed, as will his famous heaping bowls of cheese grits.

Mickey will live on through his bride of 43 years, Margaret Williamson Littlefield, his children Susan-Elizabeth, Victoria, Matt and son-in-law Philip Pou. He is also celebrated by his brother Barry and sister-in-law Gayle, their son B.J, sister-in-law Judy Hartley, brother-in-law Don Hartley, nieces and nephews Donnie, Jenny, Beth, Jennifer, Cris and Javi and their beloved children, Madison, Annabelle, Ty, Finn, Sarah Beth, Ellie, Emma, Javier, Jr.,

Jude and Lilah, and mother-in-law Gladys Williamson.

Saturday you are invited to do something he loved and gather together to "visit." First we will praise God for his sparkling life at 11 am at First Presbyterian of Peachtree City, then we will stay there and do what he would want us to do on a Saturday in the fall, tailgate together over Varsity Hot Dogs. If you can't make it, we'll stream it live at <http://livestream.com/firstpresptc/11AMService>

Instead of flowers, consider honoring Mickey by giving to two charities he loved:

“ We were so saddened to hear the news of Mickey's passing. My husband and I had the privilege to have him as our insurance agent for many years. Anytime I called he was always so happy and pleasant and willing to help in any way possible. I will certainly miss hearing his voice on the other end of the phone. We are praying for your family and may God bless you with the peace that only He can give.

“ We just received the letter informing us about Mickey's passing. We are in total shock. Th world will never be the same without him. My husband and I both met Mickey in 1979 when we were teenagers. We both needed auto insurance and he guided both of us on getting our first policies. Later, in 1982, we married and joined those policies into one. Over the last 34 years, we have called Mickey so many times to add policies. He would always laugh and say, "Another car?" He was always interested in our lives when we called and kept up with our children over the years. When we became Real Estate Investors and went on the 10 year buying spree, he always laughed when we called each month to add another policy. He had lots of stories to tell us about the time he and Margaret got into the rental business in College Park and gave us lots of advice on what not to do. He was like family to us. We had 37 years of saying "Oh, I need to call Mickey.." and now he has gone to Heaven. This deeply moves our family. We feel like Margaret and all the kids are family. He spoke of one of you during each conversation we had. His pride in his children was unmatched. Our hearts are so heavy for your loss. Mickey was a wonderful person and really left his mark on the world. His laughter and stories will be sadly missed by all of my family. Our deepest condolences to the family.

“ Dear Mickey, How we miss you-thought we would all grow 'very old' together. So many memories, so much laughter, so, so many College Park stories!! but you were gone in the 'twinkling-of-an-eye". You took part of our hearts with you but you left so much more. Your tribute showed one loved Christian man who, we know, we will see again. Susan-Elizabeth, Victoria, Matt--you are who you are because of your remarkable Mom and Dad. Our love to you all,

“ I met Mickey over 50 years ago through mutual friends in Colege Park. Even though I was a bellhop from GMA Mickey and I became good friends. We have not had any contact since I left College Park in 1966, but he always entered my thoughts over the years. He was that kind of a special person. I will never forgrrt his smile, his sincerity, and his wonderful friendship. I am so sorry for your loss.

“ My sincere condolences go out to Mickey's family on his passing. I've known Mickey since 2011 when he popped in my office just to introduce himself and give encouragement to a "rookie State Farm Agent" that had just opened his doors. He would continue to stop by every time he visited his dentist who shares the same office building as I do, and each time he would share his wisdom and brighten my day. Of course, we made it a point to always chat whenever we both attended the same SF functions. No doubt, he was a Good Man that truly cared about people and he will be missed!

“ How I loved visiting Mickey and his office when I worked for State Farm! He was a delight to speak with and I always felt like he listened to what was going on in my life. Just recently, I saw him and hadn't seen him in years. I am so thankful for that! I shared with him about my father passing away recently and how painful it was and once again, he listened.

To his children- you have a wonderful legacy to uphold and carry on. He adored you. You were all he talked about.

To Margaret - I am so sorry for what you are going through . When my dad passed away, my parents were one month away from their 60th. I don't know that I can say anything to ease your pain but I do know you were loved. That love will carry on. I see it with my mom now.

“ I grew up on the same street with Mickey, and remember his kindness and beautiful smile to the "little " kid down the street. Then he married Margaret...what a wonderful and blessed marriage. Their beautiful family is an example of what wonderful people and outstanding parents they are. I hate the loss and pain they all are feeling now, but hope the love and prayers from others help to make it a little easier. Mickey was so proud of all of you. May he rest in peace, and you all find a measure of it.

“ Hated to hear of Mickey's passing. He was a class behind me at College Park but he's way ahead of me now! We played baseball together on The Giants in Babe Ruth League with Cecil Fly as our coach. Mickey's smile was always there win or lose and it continued that way in life. He was a good friend who I didn't see enough as college, an Air Force career and life took us in different directions. “ In 1997 I had a serious accident and totalled my car. Thank God I walked away with just a few bruises, but I was an emotional wreck! Mickey called that night and wanted me to know that he had talked to the man that I hit and that he had assured Mickey that there was nothing I could have done besides swerving into his lane to avoid an on-coming car. I was so relieved and immediately calmed by Mickey's words and the fact that he was concerned enough to call and let me know, It reminded me of a favorite bible verse; "A word fitly spoken is like apples of gold in a setting of silver." (Proverbs 25: 11). That was Mickey! Love to the Littlefield family!

I cannot think of a reunion with out his smiling face, checking on everyone to make sure they were having a good time. I can see Mickey and dear Margaret holding onto each other smiling as everyone else around them were. You gave so much to make us happy. Your memory will always be with us. In 1977 I moved 3500 miles from the west coast of Canada to Atlanta for work. I met Margaret's father who arranged for and sold office space to my company. He introduced me to Mickey and Margaret who both realized my plight of being so far from the comfort of friends and family. They quickly arranged a house party with their friends whom they were so generous to share with me. "What a great party" and a wonderful gesture all from which I have had the experience of having true friends in Mickey and Margaret ever since. I am forever grateful for his friendship and I will miss the chats we have had over the years whether for business or catching up on family fun.
