“ I will miss seeing Millie at the Family History Center! I always enjoyed chatting with her, about all kinds of things....family, canning, dogs, raising kids and so much more. She will be missed and always fondly remembered.

“ My thoughts and prayers are with Millie's family. I met her at church when I moved to Georgia in 1992, and she's been a dear friend ever since. I'll share a funny memory I have of her. I moved and was in a different church congregation and hadn't seen her for awhile. I happened to see her somewhere and exclaimed, "Oh, it's Millie, one of my favorite people!" She replied, "You don't know many people, do you?" I got a good laugh out of that and never forgot it. I love Millie and will miss her until we meet again❤️

“*Millie, we love you dearly. We will miss you. We pray for Godly blessings to comfort your family. Our heart reaches out to sympathize with all our brothers, sisters, friends and neighbors that are caring and sharing this enormous loss we feel.*

We find comfort and joy in thinking of all the attributes that were a part of Millie's strength of character. Among her greatest talents was her love for sharing her knowledge in many areas: that of quilting, tating, crocheting, sewing, baking ,canning, preserving. She won many first and second place ribbons at the Newnan Fair for her preserves, her tating, and crocheted items. She made books for all. She was the queen in charge of involving others in every Family Preparedness Fair. This activity made her smile, it was one of her greatest joys, (along with showing her Collies and helping others learn to show too)

She always took time to create family mailouts and invite her family to chosen places for them to enjoy activities. She loved her family dearly.

She had many joys. She loved attending the temple. She loved genealogy and gospel books. She enjoyed showing off her cooking skills. We often sat at her table for delicious meals, even after Gail passed. We ate from her beautiful china dishes, sharing her food storage, and eating fresh salads from her garden made in cinder blocks. You name it she has done it, or asked someone with that knowledge to share it at an FP FAIR. She was able year after year to organize and inspire others, to share their ideas at our fantastic fun filled Family Preparedness Fair. We learned well our role to have food storage from a determined and extremely serious Millie. She could be so fun to be with. We loved our visits to the Farmers Market with Millie. She enjoyed the great deals on veggies, fruits, etc. She especially loved shopping with church sisters and an occassional brother too. We will never go to the Farmers Market, or plant in our cinder blocks without remembering Millie was our champion cheerleader. She was always encouraging us to learn everything we could about being self-sufficient. She taught us to have a years supply of food, seeds, gas, firewood, and much more.

She loved and served Jesus Christ. We visited the Temple together, often. Dear Millie, looking forward to seeing you when we pass this life. We love you dearly. Clarence and Janice.

“ *Millie will be missed by all who knew her but find comfort in knowing she is with GOD & has crossed the rainbow bridge to be greeted by her beloved collies*

“ *I will never think of food storage again without remembering Millie. She wanted us all to live and learn and use food storage. It was her passion and all the time and effort she put forth to help her fellow saints learn about it. I will truly miss Millie. I will think of her often. Love her forever.*

“ *It was always a blessing to spend time with Millie! I don't think there was ever a moment I didn't learn something, but I know there was never a moment I didn't enjoy her company. You are greatly missed for now, but we will see you on the other side Millie. ❤️*

“ Millie was a wonderful caring soul, always willing to help a newbie to the dog world. She mentored me in smooth collies and welcomed me and my daughter as family. She was excellent with juniors always encouraging the kids to succeed in dogs and life. I loved her wit she was sweet as sugar but quick with wit and sarcasm when needed. I will miss her. Rest well sweet lady.

“ Aunt Mille was a blessing to our family. She blessed us with her hospitality when we visited her at Paris Island or in Fairburn. We were blessed with her many stops at our house in Indiana. We enjoyed her stories, her dogs, and her cooking. She will be missed by many.

I got my first smooth collie from Millie many years ago. She was instrumental in getting me involved in the breed we both loved so much. I learned so much from her and just enjoyed her company. When I lived in Atlanta, we not only went to dog shows together but also ventured out to craft shows as well. She was fun to be with, kind and thoughtful and had a huge heart. I will miss her.

“*Millie was one of the kindest of people I have ever known, not to mention breeder/handler/judge/friend I have ever known. Millie's love for collies and her dedication to the collie was at the top of the list.*

One of my favorite collie memories of Millie is when she called me from a show circuit in Canada and told me of this awesome Rich sable rough collie that she thought that I needed to buy. After talking to my then new friend and her breeder on the phone (Lucinda Marvin) Millie brought home the most beautiful Chaundra - Aubyrnes Portrait of a Star, for me. Most awesome was driving over to Millie's and visiting Millie and meeting Chaundra for the first time and about falling on my face with joy with Millie's find and decision to call me. This is just one of many sweet memories I could tell. I will forever miss my friend.

“ I spent many dog show weekends chatting with Millie and my fondest memory is the day, as a judge, she finished my Vanguard. Millie believed in her breed and did what she could to preserve it. She was “good people”.
