

## Nancy Ellen Northcutt McCready

April 19, 1962 - July 20, 2025

It is with deep sadness that we announce the passing of Nancy Ellen Northcutt McCready, who departed this life on July 20, 2025, at the age of 63. Born on April 19, 1962, Nancy lived a life devoted to caring for others and the well-being of those around her.

Nancy's nurturing spirit was evident in both her professional and personal life. As a Registered Nurse with the Douglas County School System, she dedicated herself tirelessly to advocating for children and ensuring their health and safety. Her compassionate nature extended beyond her work; she was known as "everyone's nurse," always ready to lend a helping hand to those in need.

A woman of many interests, Nancy loved animals passionately, often rescuing and nursing them back to health. Her home was a sanctuary where love flourished, whether through the laughter of her children or the warmth of her hospitality. Those close to her fondly recall her excellent cooking, welcoming demeanor, and the joy she found in bird watching from her back porch while enjoying a cup of coffee or sweet tea.

Her family was the center of her world, and she cherished every moment spent with them. She leaves behind her beloved husband, Forrest "Reb" McCready, and her children, Joshua Earl McCready, Audrey Grace McCready Jezeski and her husband Joshua, Matthew Jameson McCready, and Sara Ko. She was a devoted grandmother to Emma Jane Jezeski, Lillian Anne Jezeski, Joshua Lee Jezeski, Jr., and Luke Lim.

Nancy is also survived by her sisters, Emma Jane Smith Henry (Travis), Susan Northcutt Danforth (Paul), Carol Northcutt Carlson (Todd), and brothers Eugene C. Smith (Pam), James Paul Smith (Malinda), and Powers Agnew Smith (Beth). She was preceded in death by her son, Andrew Wyman McCready, and her siblings, Doug Northcutt, Ronnie Northcutt, and Diane Northcutt Moore.

Her memory will be cherished by all who were fortunate to know her, and her legacy of kindness and care will live on in the hearts of her family and friends. Services to honor Nancy's life will be held on Saturday, July 26, 2025, at 11 o'clock in the Chapel of Parrott Funeral Home, with visitation two hours prior.

“ *Thirty years ago I was hired by FCS to be the clinic assistant at Evoline C. West Elementary. Back then we did not have cluster nurses. Nurses came out from Egleston Children's Hospital to visit the school.*

*Nancy was my first official cluster nurse. She was a personable, efficient and no nonsense kind of nurse. She was also funny and caring. She went above and beyond for the students and stood steadfast with me as the clinic assistant. There was nobody like her. She will be missed by many.*

“ Nancy interviewed me for a school nurse position several years ago. From day one, we were fast friends. She took me under her wing and taught me something new every day. I watched her interact with staff, students and their families. I was always amazed at how she knew each of them by first name....kids she took care of in elementary school who were now seniors,...she would hunt them down to hug their necks....all over the entire school system. She touched so many lives. She was the expert on diabetes. She helped newly diagnosed kids and their scared mamas feel at ease. There was nothing she wouldn't do to help a child in need. Even traveling out of state with families to get their child to a specialist they desperately needed. She was tireless in her efforts. I watched her buy Christmas presents for kids whose mom had just passed away with cancer. Even for the grandmother who was left to care for them. She fiercely loved her kids, husband and grandkids . She also loved her church family. I always knew what her Wednesday night plans were. She was going home from work to make dinner to deliver to the youth group. There just never seemed to be an end to the love she had to give. Heaven has called an angel home. She will be deeply missed.  
Sending love and prayers to the family.

“ My son, Elijah, was diagnosed with Type 2 Diabetes July 21, 2016. That was only 2 weeks before he was to start 3rd grade. Nancy taught my son how to do the conversion with his ratio, carb count, and blood sugar to determine the amount of insulin he needed to take. She trained him how to give himself his insulin injections. She would brag that he was the poster child for diabetics but I know he is successful at managing his diabetes because of her training. You can't convince me that she didn't save my baby and I will forever be grateful. He will be a senior this year, and throughout his high school career, Nancy made sure to put eyes on him and hug his neck EVERYTIME she stopped by his school. Nancy was more than a school nurse, she is FAMILY to us.

Love always,  
Amanda, Elijah, Jasmyn, and Saniya Winston
