*I was Mon's bus driver 4 years ago. He was the sweetest, happiest young man and just a joy to be around. I loved teasing him, especially about racing around in that wheel chair! April, hugs for you! My prayers are for your family this morning.*

*I'm so thankful I got to meet this sweet young man. His smile was the first thing I noticed. When I told him I grew up with his momma, he just smiled. It is so apparent the joy he brought to so many people. April, I adore you, my sweet childhood friend. My heart is with you. I love you all. May God hold you in his arms.*

“ *Our sweet sweet boy.. never has there been a sweeter soul! I feel an emptiness when I pull into work knowing he was always so excited to look for my car. Will never forget our”what did you eat for lunch” game.. I’m such a short time, mon made an impact on so many lives with his courage and zest for life. I can see him running the bases in heaven and laughing and singing at the top of his lungs. His laughter was contagious and he brightened every room with his smile! See ya later alligator! Please keep April and Aden In your prayers.*

“ I'm so sorry to hear that our sweet Mon has been taken from us. He's left us with so many precious memories of his sweet smiling face, his laughter, and his courageous spirit. His was a gift to our Kedron After School Program, and I know that when we think back on his many lessons of humility, joy and kindness that he taught us- we will all be a little bit more forgiving and open our arms a little wider to each other. Thank you for sharing him with us. Sending his family love and comfort in your loss. Christine Clark

“ We at Special Pops tennis loved our time with Mon. You could see the joy and love thru the sparkle in his eyes and broad smile. Finally he gets to swing those arms and dance with all the enthusiasm he had inside. Our prayers lift up his family.

*My condolences on your wonderful son's passing. I was helping out for the first time and they were trying to figure out where I'd best serve. I was supposed to toss the ball across the fence to Mon switching off between forehand and backhand but I hadn't thrown a ball in a while and they were going anywhere but in a good vicinity to Mon. We laughed and I said wait, sorry, sorry, here it comes...but it barely ever did so finally, he threw his arms up in the air as if to say REALLY? So we did it another way! But what a beautiful belly laugh and lovely smile Mon had. What a gentle, kind soul. Next class, Mon was working with someone really good! May God ease your pain and help you to celebrate all the blessings he brought to you. ❤️🙏*
