“ My late father, Jack Cochran, (1920-2014) was a superb athlete in his youth and had a keen eye for athletic ability. My father always maintained that Ray Carroll was the most gifted athlete that ever graduated from Campbell High School and I certainly agree with his assessment. Aside from Ray being a great athlete, he was also a great man. Ray was my mentor when I was a lowly eighth grader (sub-freshman) at Campbell and he was a senior and certainly the BMOC. I have always been grateful to Ray for making my first year at Campbell so special. Ray will be kindly remembered by myself and so many others and he will be missed.
