JW

“ sorry for your loss. She was loads of fun at the lake when the kids were younger and we went to West Point lake with mother and daddy an lousie and loyld. One night when we were out fishing on boat and s snake crawled on board we were screaming and jumping around and she just slap it off the side of the boat and just smiled and said "whats wrong with ya'll get to fishing" and I loved the way she hated my cats . Think of all the good times you had with them boating, car races and good old family reunions we had to go too loved it RIP Redus with Buck, Marvin, Margaret and Jon and all the other PIKE's
