“ There are so many memories that I hold with Uncle Bob . First I know what a Loving ,kind , man he was and how much he loved and cared for his family especially his Bride . The way he always addressed his wife as his bride is quite amazing . My memories run deep on how he was always so hospitable to me and my family on our visits with them . I remember the time my wife and friend and I visited them for a Falcons football game and being the great host he was he drove us there and gave us a personal tour all the way around the Falcons stadium by walking . We young people were about to pass out but Uncle Bob was steadily walking and didn't slow down a bit . In my final words I know that Heaven has gained a True Angel and he is reunited with his Bride ! Amen it doesn't get any better than this.
