“ Robby i will remember the good fun times we had on the farm playing with the cows and the cow pies i believe in covington or conyers...i will never forget when i got my first harley and you and rickki rode down to my house and we went for a ride down to pine mountain. we laughed and giggled and cut up when you two stopped on the side of the road and we sat and talked for a bit...we also joked about the looks we were getting with just me and you two good looking guys riding with me. i regret not being able to see you earlier as i didn't know things were so bad....i know you and rickki are riding harleys and sure dad is there with you two as he loved the boys and enjoyed your company and cutting up with you all.....not good bye but until we meet again....
