“ I met Ron 25 years ago through work and we have been friends ever since . I will miss our long talks and his advice on business and life .

He loved to collect all kinds of things and one day many years ago he gave me a

pocket knife and I carried it in my pocket many years and will always remember the day he gave it to me . Also spent a few days at the drag strip with him and he always loved race cars. Great memories, he always treated me like family . I know he's sitting up in heaven watching over all of now. God bless
