“ I have wonderful memories of the Dad of my best friend. He was always around puttering with a car or making jokes. I remember him playing chess for so long on the computer that the board burned into the screen. He tolerated me hanging around the house endlessly as teenagers do. What an amazing Dad he was. He will be missed

“ Dear Kristie,
Your Mom and Dad have been an important part of my life since we met on the first day of 5th grade. I will hold close the memories of movie and dinner at Whiffletree on New Years Eve, putting up with the music and pounding of dance feet in your second story bedroom and even letting you take me on a snowmobile ride. It was nice to see our parents get along so well during our teenage years-talking often after band concerts. Our thoughts are with you-
