“ Stan was like a father to me ,he took me under his wing 18 years ago and spent days,weeks, and months teaching me his trade. Because, of his patience ,and steering me in the right direction, life is much better for me and my family. He used to say i was like a son to him , he was like a father to me. Stan will be missed more than words can explain.....God Bless your soul my friend, my teacher, Rest in Peace. Stan will be missed. Paul Williams

“ I first got to know Stanley as a pilot with Delta Airlines. He would come on the nose gear headset with a cheerful good morning "Mister" Pilot are you ready to push back? if you didn't hear that voice you always asked where's Stanley. We started working together in 1994 restoring different aircraft for the next 23 years. Stanley's favorite place for lunch was the Waffle House where he would always order our favorite, two country ham and egg sandwiches cut the ham in half and save the bone for his beloved dog Baby. Working all those years with Stanley taught me a lot, but most of all what a great person he was. He was a great friend and will be missed greatly Clint

“ There was only one Stanley and if you didn't know him, you missed out on the joy of having a good friend. He was an aircraft maintenance buddy for a number of years and fun to work with. A mutual pilot friend remembers him well from his ground to cockpit greeting of "Hello Mister". Our sympathy to his family with the assurance he lived a wonderful and fruitful life and rest in the loving arms of His Lord and Savior.
