“ Tony is my cousin. We went to Campbell high school together. Tho we weren't in touch, we're still family and it saddens me to hear of his passing. Prayers for those he left behind 🙏

*I remember he took me to get my first driver's license. He had one of those huge '70s "landboats". I'd never driven a car that big, but I did it and I passed my driver's test. I'll never forget that. Thank you Tony. Until we meet again, may you rest in peace dear cousin. 🙏*

*I think this is the Tony I went to Campbell high school with. He was the same age as my sister.  
My dad was best friends with his dad Bob. Prayers for the family*
