“ You have my sympathy on the loss of your loved one. Please allow God to comfort you through His promise to care for our dead loved ones at John 5:28,29. It's so stressful to deal with the death of a loved one because Death was never supposed to be a part of life so God didn't create us with the ability to be content with this loss but our loving creator, Jehovah God, promises to do away with death {Isaiah 25:8} and the one who causes death Satan{Hebrews 2:14} real soon through His Kingdom in the hands of His Son Christ Jesus so that His purpose for mankind can be realized which is to live on a paradise earth under perfect and peaceful conditions. {Genesis 1:27,28; Psalms 37:9-11,29}

“ 11/15/2014- Yiannis Vasiliadis

I worked with Wade at NWA and now at Lockheed.

Wade was my supervisor at NWA.

I worked together with Wade 3 weeks ago at the Continuous Support Shop at Lockheed.

He talked about how much he loved his girls and family.

He loved to ride his bike and even asked me when I was planning to buy a bike and go riding on trips with Wade.

He was a Happy, Caring person and had a positive influence to the people he was around with.

His Passing has saddened me.

Everyone was a Friend of Wades.

My Prayers and thoughts will be with his Family through this difficult time. He will Truly be Missed by ALL.

“ I was just thinking about you today. And how much you meant to me. We were close in birthday's same age. We laughed at each other and even made fun of each other. We both watched our families grow. I promise you I will always keep an eye on your girls! They were your world. Just know I loved you and your were my true friend.. ...

“ My deepest condolences to the family on your loss. Wade is our loss as well, people like him don't come along often, he cared more about his fellow man than you know, his love and devotion for his daughters was always present, there wasn't a moment when he did not talk about them. He was a wonderful colleague at Northwest and Lockheed, putting the needs of others ahead of his own at times. Truly God has gained a good one, rest in peace my friend.

“ *What tragedy and deep loss to this earth but a great day in Heaven as Wade passed through those gates. May God be with Wade's family here on earth in this time of pain and sorrow.*

I knew this gentle man for a long long time. What a great model he was for all of us. Always talking and bragging about his girls. He loved his girls like nothing on this earth. Wade was one of the sharpest aircraft mechanics I have ever been around and was always willing to share his vast knowledge and skill with those needing a helping hand. He had the work ethic that is a rare to come by nowadays and there was nothing he would not attach and figure out. I was a peer with Wade both at NWA and Lockheed and learned alot from him. He was the best. We all loved the guy. Always had some kind of humor. He called me "Bubber" (his slang for Bubba) for the last 20 years even when I was his boss and all the way to the last time I saw him a few weeks ago. Always having fun. I am sure some of you have your Wade name too and hoping it will be a cherished memory as mine will. We always teased him about how he kept his pants up with no belt and always wearing them high dollar boots. Mechanics literally fought to be on his crew as he was the best. He was always thinking about how to make it better for the next person whether it was in his personal or professional life.

He will be greatly missed as a friend and a working partner.

Rest in Peace Brother and send down the Angels to rid the earth of that horrific disease.

I will see you soon.
